About me

I'm a passionate front-end web developer with a love for technology and learning. I'm proactive, with excellent communication skills, and a strong curiosity for acquiring knowledge. I always stay up-to-date with the latest technological trends, collaborate well in teams, and apply my creativity to innovative solutions.

Professional Experience

Software Developer - Front-end

Abstract Studios 2023/05 - present

- Implemented dynamic React charts for Grupo México to visualize environmental and safety data effectively.
- Developed an intuitive React-based platform for managing and monitoring environmental and safety metrics, including data uploads.
- Created segmented metric dashboards with data export capabilities.
- Conducted updates and maintenance on an exercise platform.
- Introduced a user preference questionnaire for content recommendations.
- Implemented a coupon system for discounts and memberships.
- Designed an onboarding system for personalized user experiences.
- Optimized the database, reducing page load times from 1 minute to 2 seconds and addressing crashes.

Software Developer - Front-end

Grupo Castores 2022/12 - 2023/05

- Implemented an employee loan system using Angular.
- Resolved issues, bugs, and introduced a password recovery system.
- Packaged an Angular application for mobile deployment.

Education

University La Salle Bajío / Software and Computer Systems Engineering

2020/08 - 2024/06

- Led the development of SalleAroundMe, a geolocation web app showcasing campus locations, nearest facilities, and a CMS for data management.
- Led the university's Microsoft De La Salle Bajío community, promoting Azure certification for students.

Certification AWS Cloud Practitioner (2023)
